Subject: Call with EPA enforcement staff

Hello Loretta, Mike,

I hope you are both well. I wanted to see if you would be available for a call next week with some of our enforcement staff. They would like to better understand the critical path milestones that need to be met by the Hopi tribe to move forward with a complete funding package to USDA for construction of the HAMP. A better understanding of your process will hopefully help them better target their resources.

Let me know what your availability is for a short call next week and I can set something up. Thank you in advance for your help.

Emmanuelle
